Dear Friends,

Tampa Bay Community Development Corporation (Tampa Bay CDC) supports and shares in the goals of the Black Lives Matter movement of ending violence and systemic racism toward black people. Our nonprofit organization rejects all forms of racism, violence, and social injustice.

Tampa Bay CDC's mission is to provide safe and affordable housing through education, counseling, housing opportunities and to revitalize neighborhoods for low to moderate income households. Providing equitable opportunity and access to safe, decent and affordable housing is a critical element of a healthy community. We have worked over the last four decades to fight against housing discrimination in all of its forms and continue to do so every day. We will continue this fight and support the Black Lives Matter Movement in our mission.
